IN ASSOCIATION **OneShield** SOFTWARE

Rules

ROUND 1

1. Problem statements will be posted on 25th October 2022, 9:00 am. Submissions close on 27th October 2022, 9:00 am.

2. Maximum 3(THREE) members per team.

3. Teams can consist of members from different colleges/universities.

4. Following components have to be submitted (fields will be provided to type answers):

a. Problem Statement is chosen
b. Abstract of solution
c. How will the solution help in the real world?
d. Significant screenshots of the prototype.

5. Developed solutions should be original and not copied.

ROUND 2

1. 10 teams will qualify for round 2.

2. Round 2 will be an online discussion round conducted on **29th October 202**2.

3. Selected teams have to join an online session with judges.

4. Team leader will be sent the meeting details via email on **28th October 2022**. It is compulsory for all team members to join the session.

5. Teams are required to prepare necessary visual aids (presentation, etc.) in advance to present their solution. Teams are allowed to improve on existing solutions and fine-tune them if needed.

6. The implementation of the solution will be discussed in detail and will be cross-questioned by judges.

Evaluation

For Round 1

- Originality of the idea
- Implementation
- Use case relevance
- Performance of prototype

For Round 2

- Impact and Market Viability
- Prototype Functionality
- Future Scope
- Q&A by judges
- Presentation skills
